

Information for EALC-workshop „Test of working abilities on cattles“ Podmitrov 23. – 26.May 2013

1. Accommodation:

Here again the link to the board:

<http://www.lesni-penzion-podmitrov-ve-strazku.top-ubytovani.info/Unterkunft-fotos.htm>

As we have already announced to some participants, until Friday, 05.24.13 we will stay in the lodges of the holiday site. Everyone has their own cabin (as reserved). The huts are very basic, but with dogs without any problems. You do not have bathroom and toilet there. You will find restrooms and showers in the Guesthouse. Please bring sleeping bags for the huts! On Friday, then moved into the boarding house where each room has a bathroom and toilet. We apologize for the inconvenience, but the board was unfortunately overbooked and no longer to postpone the appointment.

2. Approach

In an attachment to the mail you will find the itinerary. The pension is in Podmitrov (highlighted in yellow) . The cattle ranch is in Mitrov (right next to Podmitrov).

3. Schedule

Some participants will arrive on Wednesday evening, some on Thursday.

We will start on Thursday at 10:00 clock with a common collection round in front of the Hotel and some obedience exercises. Then we walk to Habri farm and after a short briefing we begin with work on cattles.

The descendant participants check in at the guest house and then come to the Habri farm.

If there is time and desire, we will be able to make the one or the other trail or nose work or other small exercises. But there will be certainly time also for "problem-solving strategies". However, as needed.

Otherwise, the program in time will be flexible. There will be plenty of opportunity to work with the cattle, but we will also pay attention to the liability mainly of the young dogs.

Subject to change!

4. Visitors

We will welcome also some Czech Catahoula owners, who just want to watch or will participate in individual parts of the program. However, their Catahoulas are mostly too young to work in cattle. Of course, these events are always advertising for EALC, including also to attract members.

We are looking forward to see you all in 12 days and hope we will have exciting and also relaxing days with our Catahoulas"
